- Gautrain underground Rail Line – Managed and Supervised the Geotechnical investigation for South Africa's first underground rail system located in Johannesburg.
- FMG Solomon Rail Project – Driller/Supervised the two part Geotechnical investigation on the Solomon Rail alignment. (Calibre Rail and Coffey Geotechnics)

DANIEL VAN LIEFDE

DIRECTOR

CERTIFICATES

- Class1 WA Water Well License
- Cert IV in Training and Assessment TAE40110
- Cert IV In Drilling Geotechnical DR4 03 03 certified by ADITC
- Cert IV in Drilling Environmental DRT4 01 03 certified by ADITC
- Supervise on site operations RIIBEF402A
- Communicate Information RIICOM301A
- Register Trainer and Assessor for the ADTIC

TRAINING

- HC Drivers license.
- FMG Rail Corridor Access Cert
- ADITC – Mud Techniques and Test Training Course
- MARCSTA: 2-93067
- Eureka – Drive and Recover a 4WD Vehicle
- DTEC – TLIC107C Defensive Driving
- Blue Card – Safety Awareness Training: 222882
- Mine Workers Health Surveillance
- Work Safely at Heights MNMG237A
- Confine Small Workplace Emergencies – FESA (Extinguisher, Hose Reels & Fire Blankets)
- St John Ambulance – Senior First Aid
- MSIC – FPA0008619
- Basic Sea Survival – PMAOHS215B & TDMMF1107B
- Rio Tinto Lockholder
- Rio Tinto Personal Isolation Officer
- Rio Tinto HSE & General Induction
- Job Hazard Analysis – Conduct Local Risk Assessment – MNMC205A
- Permit Holder – Work in accordance with an issued permit (PMAPER200C)
- Authorised Gas Tester – Gas Test Atmospheres (PMAOMIR217A)
- Operate Lifting & Load Shifting Equipment (1) VLC Duty of Care (Less than 10m tones capacity)
