

# SOIL MECHANICS

## DR002 – Hanjin D8

### FEATURES

- Small compact drill rig
- Dump mast for angled holes
- Tracked base for difficult access
- Automatic SPT hammer
- LO9 bean Pump for diamond drilling
- Stalker pump for Rotary MudFlush
- Safety cage rotation
- Shut down switch
- Winch limiter switch
- Multiple emergency stops
- Drillers overhead protection
- 2 x 9kg Fire Extinguishers
- Wireless Remote Control

### DIMENSIONS

Width	1.8m
Length	5.4m
Height	2.0m
Mast Height	6.4m
Weight	4500kg

### CAPABILITIES

- HQ3 and PQ3 Wireline Coring (100m) Rotary Mud Flush
- Small and Large Diameter
- Hollow and Solid
- Augers Rotary Air
- Down Hole
- Hammer Piston
- Sampling
- U - Tube Sampling
- Standard Penetration testing (SPT) Rock
- Anchoring and Grouting
